WHERE THE WILD WRITES ITS OWN STORY

Brief Sketch

“In Jawai, the wild is not something you simply witness — it is something you live alongside. Between ancient granite hills, quiet waters and leopard country, every moment draws you closer to a landscape shaped by nature, culture and time.”

Between the pages of a story is a beautiful place to be.....

Tucked into the dramatic wilderness of Jawai, Bookmark Resorts, Cheetahgarh is a tranquil retreat where ancient granite hills, open landscapes and the calm waters of Rotela Lake shape every stay. Set in a region renowned for its leopards, the resort brings together wildlife, local culture and thoughtful comfort in one of Rajasthan’s most distinctive landscapes.

Here, days can begin with a leopard safari, unfold beside the lake or pool, and end beneath wide-open skies. Encounters with the Rabari community, abundant birdlife and Jawai’s rugged terrain offer a deeper connection to a place where people and wildlife have lived alongside one another for generations.
